Fee Schedule July 2022

**DR OLIVER FRANK'S
FEE INFORMATION
BROCHURE**

**Quality standards in General
Practice**

**Windsor Village Medical
Centre and Oakden Medical
Centre are fully Accredited
General Practices which
uphold quality standards in
General Practice.**

Oakden Medical Centre aims to provide the local community with a high standard of medical care. We ensure our Doctors, Nurses and reception staff are well trained and keep our premises, equipment and technology up to date.

Accessibility is a high priority and our billing policies reflect this commitment. We keep our private fees below that of the recommendations by the AMA.

If you do not hold a Medicare card, you must pay your account in full on the day of consultation. A receipt will be issued so you can claim a refund through your Health Insurance.

Dr Oliver Frank's fees reflect the length of consultation offered for every appointment which is a minimum of 20 minutes duration.

Accounts may be paid in cash or by EFTPOS.

All fees will be at the Doctors discretion.

Payment for consultations must be made on the day to receive the "on the day" discount. If full payment is not made on the day, the non-discounted fee will apply. In this case, the gap payment must be paid on the day of consultation.

Reception will submit your claim for a Medicare rebate electronically. You must have your bank details registered with Medicare to receive your rebate as Medicare no longer issue cheques.

Dr Frank will bulk bill all DVA Gold Card holders.

Remember to speak to your Doctor if you have any concerns. For further clarification please see reception who will be happy to help.

	<i>Fee</i>	<i>Rebate</i>	<i>Gap</i>
